Mr. Sudhakaran Sebastian

The environment of this DGIHS institution is nothing short of inspiring and nurturing. From the moment I stepped onto the campus, I felt a sense of warmth and community that has continued throughout my time here. The faculty and staff are not only highly knowledgeable and experienced but also incredibly supportive and approachable. They genuinely care about our success and well-being, always encouraging us to reach our full potential as future nurses.

Ms. Kareena Kalikote

The college's facilities are state-of-the-art, providing us with access to the latest technologies and resources to enhance our learning experience. The simulation labs are particularly beneficial, allowing us to practice and hone our clinical skills in a safe and controlled environment before working with actual patients. The library is well-stocked with an extensive collection of nursing literature and research materials, making it an ideal place for studying and conducting academic research.
